

STATEMENT OF PURPOSE

RS19387

Currently, the Idaho Department of Fish and Game has a full season nonresident small game hunting license, at a cost of \$96.00. This amendment establishes a 3 day nonresident small game license for \$33.75, allowing more flexibility and choice for nonresidents.

FISCAL NOTE

There will be no effect to the General Fund of the State of Idaho. There may be a fiscal effect to the Fish and Game account depending upon how many season nonresident small game hunting license customers switch to the three day small game hunting license and how many new sales the three day license attracts. There will be an estimated fiscal effect of \$9,700 increase to the Fish and Game account if 20 percent of the customers previously purchasing the season nonresident small game hunting license switch their purchase to the three day small game hunting license, assuming sales similar to fiscal year 2010 sales of the season license, and if there are new sales of at least 1,500 three day nonresident small game hunting licenses.
